Title: Parameters set by the Government of India to determine malnutrition among children across the country.

SHRIMATI PRATIMA MONDAL (JAYANAGAR): Thank you hon. Chairman for giving me an opportunity in this august House. I would like to know from the hon. Minister for Women and Child Development, through you, that what are the parameters set by the Government of India to determine malnutrition among children across the country. Has any survey or study been conducted recently regarding the utility and effectiveness of such parameters set?
